School Board Orders Election, Studies Use Of New Building

At a meeting held Tuesday night, March 13, the Board of Trustees ordered the holding of a trustee election April 7 for the purpose of electing three trustees. Trustees whose terms expire are Dr. W. B. Meyer, R. C. Rath and Henry Lindeburg. All three have filed for re-election.

The deadline for filing a request to have a candidate's name on the ballot is 12:00 noon, March 20, 1956. In addition, all candidates must file with the Board an "AFFIDAVIT FOR CANDIDATE FOR PUBLIC OFFICE," as required by law. Copies of the affidavit may be secured from the superintendent of schools.

Architects Plans

The Board spent considerable time at the meeting going over the plans for the new elementary building. Harvey Smith, Jr., architect, estimated that final plans for submission for contract bidding will be ready within ten days. Ten days will be allowed for those contractors who are bidding on the job for cost estimation.

Smith estimated completion date on the building as the middle of October, but so many factors enter into the construction of a building that the October date is purely an estimate.

Use Of Building

Supt. of Schools J. G. Barry has written the following statement concerning the use of the new building.

"In order to puncture some rumors and to verify others, the following information concerning attendance at the various schools next year is offered to school patrons. These items have appeared before in the paper, and as before, it should be noted that the superintendent and board believe this plan to be the best. However, should a sudden change in scholastic figures come about, or one elementary school become overcrowded, changes would be made.

"Present plans are to not operate either elementary school

new school is opened. The new school will house any students, north of the railroad after the grades one through six, who wish to attend. Central Elementary will house grades one through six for those who wish to attend, and grades seven and eight. The nearness of the band activity, the gymnasium and the athletic fields has made it advisable to keep the junior high grades (seven and eight) at the Central Elementary building."

Barry concluded, "As the town grows and enrollment increases, the Central building will probably house grades seven, eight and nine, the usual junior high grades."

Public School Week

A total of 568 persons visited the various classes of Hondo Independent School last week during Public School Week.

As guests arrived for their visit they were tagged with an "I visited school during Public School Week". Most parents visited for a full class period.

Spring Busting Out; Also Phony Salesman, CofC Says

Spring is busting out all over and at the same time, Hondo seems to have busted out with the usual rash of phony magazine salesmen, orphanage and various church charities along with some others the Chamber of Commerce hasn't even heard of. Acting as a clearing house for phony peddlers, solicitors and businessmen, the Vigilance Committee of the chamber, headed by T. Crow and assisted by M. Schweers and City Police Chief Orby Swartzell, is urging that you investigate before investing your hard earned cash.

Local Men Invited To Bond Meeting

Plans for a United States Savings Bonds District meeting have been completed. Harry Jersig of San Antonio, Chairman of District 28, announced today. The meeting will be held in San Antonio on Friday, March 16. This is an annual meeting which is held for the purpose of formulating plans for the Savings Bonds Program in this District, said Jersig.

The counties of Atascosa, Bexar, Blanco, Caldwell, Comal, Frio, Gillespie, Gonzales, Guadalupe, Hays, Karnes, Kendall, Kerr, McMullen, Medina, Milam, Wilson, leaders in the field of banking, business and industry, newspaper, radio and television will participate in the conference.

District Chairman Jersig announced that Savings Bonds purchased in Texas during 1955 showed an increase of 18 percent in 1954. He complimented the Hondo Bond Volunteers through this District on their outstanding work during the past year.

Frank X. Vance, Charles Finley and William E. Berger are asked to represent Hondo at the meeting.

Savings Bonds Sales of E & J Bonds to individuals in Medina County in 1955 were \$182,111.00, a 62.4 percent of quota.

Frank X. Vance is the Medina County Chairman.

PARTICIPATING IN A SPANISH DANCE at Our Lady of Guadalupe School Sunday were Lupe Hernandez, Felicia Corter, Felix Garcia, Linda Pedroza, Esperanza

Ex-Hondooan Would Swap Some Snow

In a letter which renewed her Anvil Herald subscription, a former Hondo girl had something to say about the weather in Montana.

Now Mrs. M. C. Hankins of Missoula, Montana, the former Clara Buss says, "And how about swapping a bit of your Texas sunshine for some of our 65 inches of snow? We'll be glad to trade."

Come our Texas August and its 100 degree weather, you might be able to make a deal, Mrs. Hankins, but not today! Mrs. Hankins is a sister of Mrs. Jack Ulbrich Sr.

Camp Fire Council Holding Calf Sale

This past week the Medina County Council of Camp Fire Girls, Inc., with Reno Stanga as president, started the sale of tickets for a fatted calf. The winner will be named on Saturday, April 7, here in Hondo on the plaza in front of the court house.

Proceeds from this will be used to help build Camp Mary Louise, so that the camp may be put into use this summer. According to the Camp Chairman, Miss Mary Ruth Cameron, plans are underway to have the land cleared, new fences erected, and the well completed, as well as a building placed on the premises.

Treasurer Henry Martin Finger and Finance Chairman Sam Moss stated that outside of the recent carnival held at the school gym at which some \$575.00 net profit was realized, the Camp Fire Girls have not had a financial drive in the past year or so, and urge the citizens to support this program in order that we may have a summer camping program for our girls here in Medina County.

On page 6 is a column headed "Vigilance Report" which will tell of schemes in the near vicinity that are set up to try to part the public from their money.

The Vigilance Committee urges you to call the Chamber of Commerce before you buy or invest with a stranger. In other words, it saves to investigate before you invest.

Car Check Deadline Approaching

Percentage wise, Medina County is better off than some of its neighboring counties in the comparison of the number of vehicles registered to the number which have been safety inspection checked, but about half of the vehicles are still lacking inspection stickers.

With 7125 vehicles registered, the county shows that only 3795 have been inspected.

The motor vehicle inspection law requires that all motor vehicles registered in Texas must be inspected and have an inspection sticker on the windshield by midnight April 15, 1956.

Enforcement will start on April 16, according to a highway patrol spokesman, and any person who operates an uninspected vehicle after April 15 will be subject to arrest.

The Accident Picture

The Highway Patrol reports that 86 accidents were reported and investigated in Bexar and seven adjoining counties, including Medina, during February. Eleven people were killed and 61 persons were injured in these crashes. Property loss ran to \$90,788.

Inspection Stations

Hondo's six inspection stations are: Buster Rath, Bob Kollmans, Medina Motors, J. A. Kuehles, Nessly-Larkins and Jack Winklers.

Medical Check-Up Begins Of All Hondo School Kids

The medical inspection of Hondo school children got underway this week with mothers at all schools checking the eyes and hearing of students.

The mothers had previously been taught how to conduct the tests and when a doubtful case was found, the child's card was marked so that further checks may be made and so that the parents may know of the condition.

At Hondo Elementary School, Mrs. W. T. Hardy, health and safety chairman of the Parent-Teacher Association, and Mrs. Paul Bybee, president, were in charge of the tests. They were assisted at various times by Mesdames J. W. Holloway, Conley Moore, Max Orta, Vernon Wiemers, Jack Hartung, Merlin Heyen, Albert Wilson, Tommy Holloway, Frank E. Schweers, W. L. Craggs, Sam Wells, Jack Winkler, Bill Berger, Julian Carr, Thomas Santos, W. H. Rohde, and Mrs. Victor Saathoff.

Helping at Our Lady of Guadalupe School were Mesdames Robert Escobar, Jesus Ruiz, Bill Hemby, Catarino Cortez, Oralia Arcos, Edmundo Regalado, Lupe Canales, Santana Fabro, Gregorio Pedroza, Carlos Garcia, Cesar Martinez, Antonio Garcia, Maria Aguirre and Mrs. Jesus Dominguez.

Those who helped out at the High School clinic were Mesdames M. F. Schweers, E. G. Rogers, Harry Haltman, A. D. Patterson, L. A. Bendele, L. E. Kollman, Jr., Jerry Blinka, Geo. Rutherford and C. S. Hickman.

In addition to election of officers, the group made plans regarding the annual VFW "Buddy Poppy" sale that occurs each year in May, this year the poppies will be offered by post members, who have volunteered for the duty.

They are: Pete G. Velosquez, Devine; Martin George Fernandez, Devine; Blas Palacios, Hondo; Cipriano Ramirez, Hondo; John Allen Breiten, Hondo; Cosmo Cabillo, Jr., Hondo; George S. Arcos, Hondo; and Pedro O. Hernandez, Hondo.

District Attorney Francis C. Richter will be among the 1,000 Texas judges, prosecutors, peace officers and interested citizens to attend the Sixth Annual Attorney General's Conference on Law Enforcement in Austin March 18-21.

Sponsors for the conference are the University of Texas School of Law, the Texas Department of Public Safety, Texas Safety Association, Texas League of Municipalities, the American Bar Association, State Bar of Texas and Attorney General John Ben Sheppard.

Heavy Mortar Company To Start Rifle Firing

Hondo's Heavy Mortar Company will start rifle firing at the air field's old firing range on Sunday, March 18. There will be firing of the M-1, carbine and pistol.

Lt. Roland D. Weber, company commander, states that eleven new recruits will fire for record. After completing the recruit firing, the remainder of the company will fire their individual weapons. Firing of the 50 cal. machine gun and 4.2 inch mortars will have to wait until the company goes to camp from 17 June to 1 July.

Lt. Weber also said that under the new public law 305-34th Congress, a young man can enlist in the National Guard before reaching age 18½ and no active duty training away from home is required. They are only required to make 48 weekly drills and 15 days summer camp.

Hondo Schools To Have Holidays

Hondo Public Schools will take a holiday on Good Friday, March 30, and will resume classes on Monday, April 2. One other holiday will be taken by the school on April 20 which is the day of the Fiesta Parade in SA. The Hondo High Owl Band is scheduled to appear in the parade that day.

St. John's School will be out from Thursday, March 29 until Tuesday, April 3 for Easter holidays, taking both Good Friday and the Monday following Easter as days off.

Our Lady of Guadalupe will observe holidays from Holy Thursday, March 29th to April 2nd inclusive.

Crazy Clock Strikes 200

What time is it when the clock strikes 200?

Last Tuesday, the County Clerk's office was greeted with the striking of the antique clock in their office. For some time it has been eccentric about striking more hours than the time indicated, but this time it went wild.

After listening to it go on and on, the office clerks tied a pocket tissue over the hammer so that it only gave out with a dull thud, but even that was distracting. Finally, they bent the hammer so that it couldn't strike.

Because the clock is an antique, Charlotte Koch, had a change of heart and put the hammer back in place. Quiet reigned for a few hours. But then at two minutes til 1 p. m. the clock starting sounding off. This time, they listened to it until seven minutes after 1 p. m. when Henry Schulte protested. He found a small rock and anchored it to the hammer so that it couldn't lift and strike.

Employees in the Clerk's office estimate it struck at least 200 times before being "rocked" to sleep.

This old clock was moved to Hondo from Castroville in 1893, making it the oldest piece of furniture in our court house.

Funeral services for William J. Bendele, 70, were held in Castroville Saturday, March 3, 1956 following his death on March 1 in San Antonio.

A native of Castroville, Mr. Bendele is survived by his wife, Alma Bendele; daughters, Mrs. Monroe Haass, Mrs. Chester Beyer, Mrs. George Bowen and Mrs. Clarence Stiles; sons, Elmo, Richard and Albert Bendele, and 14 grandchildren.

Funeral services were held Saturday at Tondre Funeral home in Castroville with burial in Zion Lutheran Cemetery, the Rev. Bernardo officiating.

Bybee Warns Against Home Work Scheme

A warning against out-of-town advertisers who offer work at home but who actually have no employment to offer was released by Paul W. Bybee, President of the Hondo Chamber of Commerce. Basing his warning on the latest bulletin of the National Better Business Bureau, Inc. with which the local Chamber of Commerce is affiliated, Bybee said that the real interest of the spurious homework scheme operator is in the sale of "instructions," mailing materials, or quantities of inexpensive merchandise to would-be employees.

"Offers to provide employment addressing postals or envelopes at home appears to be the favorite lure at the present time," the Chamber executive said. "Using Help Wanted columns, the advertiser will invite inquiries from individuals desirous of obtaining such employment on a spare or part time basis. Respondents to the advertising are asked

to remit \$1.00 for information and instructions which will enable them to "get started." Only after making this payment do they learn that the advertiser has no employment to offer. They may receive a sample of some inexpensive item sold by the advertiser with a proposal that they buy postcards and additional merchandise for direct resale to a mailing list of their own devising. Or, they may receive nothing more than a little booklet, explaining how to solicit the purchase of nameplates by addressing and mailing postcards to names selected from the telephone directory or other sources. The advertiser agrees to pay the mailer a commission on any order received, but the mailer must remit an additional \$5.00 for a quantity of postcards."

A variation of the scheme is for the promoter to sell the would-be homeworker raw materials for the manufacture of aprons, ties, etc. upon representations that he will buy back the finished articles if they are "up to standard." They rarely are, according to Bybee, because the fake homework scheme operator makes his profit from selling to his victims—not buying from them.

The Anvil Herald has received these work-at-home ads, and has turned down many of them, whenever we notice them in time.

SECO PHILOSOPHER FINDS

Out From Governor Of New York How To Classify His Farming

Editor's note: The Seco Philosopher on his Johnson grass farm is drawing an odd parallel this week, but that's his look-out, not ours.

Dear editor:

I was out here on my farm the other day sitting in the sun watching spring creep up on me and not letting anything worry me. The way I see it, worrying is all right if you ration it and keep it under control, but anybody who sets out to worry about everything that needs worrying about in this world can worry himself to death and still not make any dent in the problems, you take this farm, I could sit down and worry for seven days running and not get around to all the things that call for worrying, but any rate, as I started out to say, I was sitting out here not worrying about a thing and maybe dozing a little as the sun warmed up when a newspaper blew across my face and since it was almost in position to be read, all I had to do was take hold of it and hold it away from my face a couple of feet, I went head and did it and I'm glad I did.

The first article I read was one I've been looking for, without knowing it.

According to it, the Governor of New York, Gov. Harriman who is being talked as a candidate for President on the Democratic ticket, explains his position like this: "I am not an active candidate for the nomination, and on the other hand I'm not an inactive candidate."

A lot of people would make fun of such a statement, but not me.

It sums up exactly my attitude toward my farming. You might say I'm not an active farmer, but on the other hand I'm not an inactive one. Like Gov. Harriman, I have no objection to

making a bumper crop this year, but I'm not actively seeking it. Just because I don't leap on my tractor and start going up one row and down another is no sign I wouldn't like to haul some crops to town in the fall. There's a fine difference between physical activity and mental activity, and I'm proud to know me and Gov. Harriman have figured it out.

A man can be sitting in the sun, with his tractor idle and his land unplowed, but still his brain can be racing.
Yours faithfully,
J. A.

The St. Louis High girls' softball team was reorganized this year on February 23. The Comettes, managed by Father Meurer, are preparing themselves for a full season of fast-moving ball games. Their first test of ability will be on March 20 when they will meet the fifth and sixth grade boys in a practice game.

On March 2, three senior girls from St. Louis—Arlene Bippert, Marilyn Haby and Rosalie Stein—attended College Career Day at Our Lady of the Lake College in San Antonio. Following the registration and orientation in Thyri Auditorium, the three girls visited the education department and toured the remainder of the campus.

The Comets started their '56 baseball season with a 22 to 1 victory over Southwest on March 2. Their second win occurred on March 6, when they met the Hondo Owls in a second practice game and emerged as the victors with a 4 to 3 score.

The members of the senior class wish to extend their gratitude to all who contributed to their scrap iron drive this previous month.

On March 15, the members of the St. Louis FHA honored their dates at a backwards party, including a wiener roast at Lion's Roadside Park, followed by a movie, Father Meurer chaperoned the event.

The director of vocations for the Oblate Fathers, Father John J. Ward, O.M.I., from Our Lady of Grace Parish in San Antonio, visited St. Louis School on March 12. He presented an explanation of vocations and their signs to the seventh, eighth, and high school students. An invitation was extended to the boys to visit St. Anthony's Seminary in San Antonio on March 18 from 2:00 p.m. to 5:00 p.m.

GMC brings you the most impressive improvements of all 1956 trucks

Now we can show you these great new GMC's that are further than ever ahead of all others. Their advances not only clinch power supremacy—but reach into fields still unexplored by other truck-makers.

For example, GMC's Road Shock Damper Suspension*—plus a unique new stabilizer—produces in half-ton models a ride comparable to the finest passenger car.

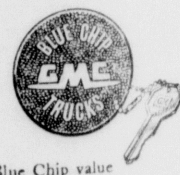

An optional new fast-ratio cruising axle in light-duty GMC's gives you an overdrive's pace and economy without its cost.

Sharply increased engine displacement in both sixes and V8's gives you a power family unsurpassed in

the light-duty field. Specifically, we offer 14.4% GREATER displacement on 6-cylinder models, 16.2% on V8's than our nearest competitors. And GMC V8's, mind you, match the shortest stroke ratios in the truck industry.

Styling is well into the future—panoramic windshield to sand-tight tail gate. Tubeless tires, of course. And a 12-volt electrical system is standard. These are some of the strides presented in new 1956 Blue Chip trucks we now have on view. The values are even more notable. Come in and get the facts!

*Standard on Suburban; optional at slight extra cost on other 1/2-ton models

Catholic Women Meet In Devine

Father Erwin A. Juraschek, archdiocesan moderator, spoke on the parish council and its set-up, and how the work of the deanery chairmen ties in with the work of the archdiocesan chairmen, at the meeting of the Archdiocesan Council of Catholic Women held in Devine on March 11.

Mrs. Volney Boon, president, presided and received reports from the deanery chairmen of Castroville, Cotulla, Devine, D'Hanis, Dilley, Hondo, LaCoste, Natalia, Lytle and Pearsall. Archdiocesan chairmen Mesdames Julian Loustaunau, J. A. Whalen, A. J. Pape, Myrtle Thraillkill and Miss Mary Placet explained the work of the lay apostolate, at the parish level, and assisted those who needed more information on the making of reports to the deanery. Father Harold Ehlinger spoke briefly to the group.

The meeting was preceded by Benediction of the Blessed Sacrament by Father Ralph Smith. A social hour followed.

D'Hanis will hold the next quarterly meeting in June. Besides the above from Hondo, Mesdames Ed Ney, W. O. Rothe, R. J. Zerr, Sr., W. A. Breidenbach and L. F. Laake, attended the meeting.

Day Of Recollection

Father Joseph Till of San Antonio will conduct the day of recollection for the ladies of St. John's parish on Sunday, March 18, beginning at 1 p.m. and closing at 5 p.m. with Benediction.

CHRISTIAN SCIENCE, Devine, Texas

Sunday Services, 11:00 a.m. Sunday School, 11:00 a.m.

Wednesday Services, 8:00 p.m. (First & Third Wednesday of each month)

The idolatry of relying on material rather than spiritual power will be stressed at Christian Science services this Sunday.

From time immemorial, men have found strength at the altar of the Lord. As they have knelt there in periods of crisis, they have learned, like Isaiah, that God has a purpose for their lives. As they have prayed there in moments of success, they have sensed the need to be humble.

On occasions of joy, they have shared before the throne of grace the love of their divine Redeemer. When sorrow has come, they have known there the comfort of the God Who cares.

In pledging the mutual faith of wedlock in the sanctuary, they have experienced the consecrating power of the Father Who set the solitary in families. And dedicating their children to Him in His holy place, they have been profoundly moved by the evidence of His belief in them; for only a trusting God would commit to their care the shaping of such tender lives.

Again and again, conquering tyranny, overcoming evil, transforming individual lives, the Church has borne witness to the peace of man in the provinces of God. Again and again, facing the vexing issues of life, it has made indelibly clear that "the answer is God."

Troop 219 Has Weekend Camp-Out

Boy Scout Troop 219 enjoyed a weekend camp-out at Zerr's Ranch eight miles northwest of Hondo. Tents were pitched, fire places set up, wood chopped and camp sites were ready for inspection Saturday afternoon.

Supper, breakfast and dinner were all cooked on the camp fires by the 24 boys with no casualties, although many of the boys had severe allergies to dishwashing.

The heavy fog Sunday morning made transportation to church difficult, but committeeman O. J. Bomba and Al Schiffer made the pre-dawn trip with Scoutmaster Jones to get the group to 6:30 church services at St. John's.

Jack Ulbrich, Jr. sent a truck and driver to haul equipment and boys to and from the ranch.

The following boys made the camp-out: Sr. Patrol Leader Rick Jones; Owl—John R. Schuehle, P.L., J. H. Stiegler, Ronnie Proctor, Jerry Reinburg and James Schoellman; Bear—Willie Hernandez, P.L., Charlie Barrientes, Corsinio Barrientes, Willie Reyes and Celso Gonzales, Jr.; Hawk—Dick Proctor, P.C., Pete Ulbrich, Martin Naegelin, Bobby Zuberbuehler and John Tondre; Flying Eagle—Rodney Freeman, P.L., Stevie Jones and John Schoellman; Rattlesnake—Larry Hermes, P.L., Jimmie Hebert, Al Tom Schiffer, Calvin Mangold and Johnny Zerr.

Lt. Col. Reinburg demonstrated the proper way to pitch a tent to the Owl Patrol, helping them to be the best patrol on the camp-out. The boys enjoyed fishing both days and had a short swim on Sunday. Assistant Scoutmasters Lloyd Tschirhart and Hilmer Lutz helped in all the camp-craft along with Scoutmaster Jones. A short hike at night with star identification and direction finding, plus the usual horseplay attached to getting 24 boys to sleep, made the weekend a full one. Scouts and leaders got home Sunday night. Another camp-out is scheduled in a few weeks.

Future Homemakers Entertain At Castroville P.T.A. Meeting

By Ruth C. Lawler

CASTROVILLE —The Future Homemakers Club conducted the program Monday night, March 5th, at the regular Parent-Teachers Association meeting in the Castroville High School auditorium.

The program consisted of a series of "take-offs" on well-known radio and television quiz shows.

The first show announced by commentator, Mary Gail Griggs, was "Truth or Consequences", sponsored by the Suckers Sucker Company. Mary Bayer portrayed the M.C. The contestants were selected from the audience and if they were unable to answer the question given them, they were compelled to pay a comical consequence.

"Twenty Questions", sponsored by "Fleem", was next on the program. Jackie FitzSimon acted as Mistress of Ceremonies, while Bonnie Nell Baby, Corice Bendele, Carolyn Bendele and Rosie Schneider acted out the commercial.

The third show, "Two For the Jellybean", was sponsored by the amazing new energy restorer "Super Z". Gail Griggs was Herbetta Fineshriner, Helen Murrell acted as Professor Carlotta Inklestinkle and Margaret Herring enacted the commercial with an expressive song and dance routine. Margaret was called "Pebblesanne", usually known as "Roxanne" to TV fans.

The final program of the evening, sponsored by Chiviler Cigarettes and M.C.'d by Lucy Rihn, was "I've Got A Secret." Several people revealed their well-kept secrets to Lucy and the panel tried to guess what it was through a series of questions.

See Shakespeare Play

Last Friday, March 9, Gail Griggs, Helen Murrell, Emery Delavan, C. J. Krenmueller, and Band Director, Bill Fojtik, were grateful guests at Trinity University's production of the "Taming of the Shrew" by William Shakespeare at the San Pedro Playhouse.

Prior to the opening of the curtains, they were conducted on

a very interesting behind-the-scenes tour by the director, Professor E. Clayton McCarty. There they were introduced to the cast and instructed in the art of make-up, property construction, lighting maneuvers and costume designing.

It was an entertaining and educational evening.

Clean Up Drive

Carmen Bayer announced that the Student Council is sponsoring a Clean-Up Drive, and that each class and organization will be asked to participate. The dates and places to be beautified will be posted.

Heard Game Warden

The Freshman Class sponsored the assembly this week and after

a few contests participated in by both students and faculty members, the program was turned over to the speaker, Game Warden Nuckles, who gave a concise and instructional talk on the poisonous snakes to be found in this area. He explained the difference between the strike of the rattlesnake and the bite of the coral snake, and stated that according to present records no one has died from the bite of a coral snake in the U. S. There are only two places in the United States that have the antivenom for the poison of a coral snake, and we are fortunate because the San Antonio Zoo is one. Unless relief is obtained within an hour, the bite is fatal. The poison is similar to that of the cobra.

Mr. Nuckles reminded the students of the old jingle to use if in doubt if the snake is a poisonous one, Red and yellow, kill a fellow; red and black, poison lack. In other words if the bands on the snake are red, yellow and then black, the snake is poisonous; if the bands are red, black and yellow, there is no danger.

Sesame Seed Discussion In Devine

A meeting to discuss the possibilities of commercial production of sesame seed has been announced in Devine this week.

L. C. (Peggie) Martin, president of Devine Mill & Elevator Co., said that interest shown by visitors at the firm's open house last Saturday concerning sesame production in this area caused them to arrange the meeting.

Featured at the meeting Thursday at 7:30 p.m. will be Lee Coffee who is the chief agronomist for Texas A & M College at College Station. The meeting is to be held in the old high school auditorium in Devine, Martin stated, Thursday night, March 15.

Martin said that Coffee will explain in more detail the new crop and point out especially the advantages of Rio, a new, non-shattering sesame seed developed by A. M.

"We'd like to see every farmer in this area at that meeting Thursday," Martin said, "but if any person cannot make it to the meeting they may come by the mill any time and get full information on the sesame production."

DISTRICT ATTORNEY

R. S. (Bob) Crawford, Jr.

Social Security On Domestic Due From Hiring Housewives

Social security reports are due in April from housewives who employ domestic workers, according to John D. Palmer, manager of the San Antonio district office, Social Security Administration. Housewives are required to make these reports during April on household workers paid as much as \$50 in cash wages in January, February and March. This is the fifth quarterly report due since the new law covered household employees without regard to the number of days worked. Reports are sent to the District Director of Internal Revenue at Austin, Texas.

Work of cooks, maids, housekeepers, gardeners and other workers in a private household counts toward eligibility for retirement or death payments under old-age and survivors insurance if they are paid at least \$50 cash wages by one employer in a calendar quarter. If the household employee works long enough to be insured, benefits are payable in old age or to certain survivors in case of death.

Free booklets explaining the employer's obligation and benefits to the employee are available at the social security office located at 309 Dwyer Avenue in San Antonio, Texas.

S. S. Man In Hondo

For further information, see your social security representative, Mr. William Watson, who will be in Hondo at the District Courtroom, on Thursday, March 22, 1956 at 9:30 a.m.

Information "On The Line"

I was reading the other day how a person can get all sorts of things just by dialing a number on his telephone.

In New York you can get the time, the weather, or a prayer. In Philadelphia it's the stock reports. In Boston a voice tells bird watchers what's to be watched in the park.

Over in Europe, they go further. Vienna offers a five-minute fairy tale for kids. In Switzerland you can get the news in a couple of three languages. And a number of places have "talking menus" for desperate housewives.

County HD News

By Mrs. Estella Strayhorn

County Home Demonstration Council will meet in the Hondo County Court room on Monday, March 26th at 2:00 p.m. Leinweber Club will serve as hostess.

4-H Club Council Meeting

Forty-five 4-H club boys and girls, adult leaders and agents attended the 4-H club council meeting in LaCoste Saturday, March 10. Short reports were given by the presidents of each 4-H club.

The various committees met and gave reports to the group. The Rally Day for all 4-H club members in the county has been tentatively set for June 27 at Castroville. Committees to do further work on this event are: Program, Mrs. H. R. Flack Mrs. Strayhorn and the council members from Natalia; Recreation, Mrs. D. E. Hunter and Mrs. D. G. Hunter and the Devine 4-Hers; Meals—adult leaders, Griggs, Skarda, Mosely and Noblitt; Crafts, leaders Green, Adam, Echtle, Burrell, Boehme, Mr. Gaston & LaCoste and Our Lady of Grace members: First Aid, leaders Stein & Heath & St. Louis Swimming: Adult leaders Skarda, Bippert, Rabe, Steine & Jr. Leaders & Castroville. Each club should take a count of the cars that will be coming to camp by the May council meeting.

District Camp will be held at Mo-Ranch May 28-June 2. Medina County has been allotted six boys and six girls and a woman adult leader. Girls to go as follows: the co-chairman of council, one from St. Louis, one from Castroville, one from Natalia, one from Devine, and one from LaCoste. These will be selected on work done in the club, interest in the club and ability to plan and lead at two county events.

District Contests were discussed, Beverly Flack and Sonja Pru-

itt gave an electrical demonstration to the group and Mary Griggs, Mary Mangold, Capi Granieri, Georg Gaston and Donnie Neuman did the Dr. as a sample of Share-the-Fun number. County eliminations will be held April 14.

Dress Revue

The Dress Revue will be held on April 14 at LaCoste. Girls 9, 10 and 11 will be judged ahead of time by Home Demonstration Club women. Others will be judged on Saturday morning as follows: 9:00 a.m., LaCoste and Our Lady of Grace; 10:00 Castroville and St. Louis, and 11:00 Devine and Natalia. Judges will be Miss Eunice Rainwater of Buell of Crystal City, both home demonstration agents. Girls will be placed in blue, red and white award divisions. Adult leaders will be responsible for the seating and commenting of their groups.

Mr. Gaston and the adult leaders met to plan the tractor school.

The co-chairman, Donnie Neuman will be in Devine High School Cafeteria at the meeting. The next meeting man and Mary Griggs presided feteria on May 12.

Helping 4-H Clubs

Many of the home demonstration club women are helping the members of the 4-H clubs cut their dresses and offering to help them in any way they can.

HENRY CASTRO
ADVENTUROUS MEMBER OF NAPOLEON'S GUARD"

CASTRO'S ACTIVITIES OTHER PART OF TEXAS

It seems from frequent references to Castro and the "Pan-handle" area of Texas that he must have had some kind of a colonization scheme in that area during the same time he was active in his Southwest Texas enterprise. Whether there was any connection between the two undertakings or to what extent, if any, he developed the latter enterprise, we have been unable to secure any data.

There is a county in the southwestern extremity of the Pan-handle designated as Castro County. In the 1956-1957 edition of the Dallas News Texas Almanac, the author treats its history in these few words: "Created in 1876 (some years after Castro's death in Mexico, F.D.) and organized 1891 from Bexar District. Named for Henri Castro".

From that, one wonders at the extent of Bexar County in its early days and is left to pure speculation as to what extent, if any, Castro participated in the development of that part of Texas which bears his name.

Any definite information on this point would be appreciated by this columnist.

Did Castro County get its name, as Castroville town did, because of his development activities in that area? Or was it simply attached to the county to honor and perpetuate his name as were the names of so many other men who were prominent in the early development of Texas?

LITTLE KNOWN ABOUT CASTRO'S FAMILY

If there is any documentary record extant of Henry Castro's family, it has not been this columnist's fortune to have access to it. It has been his good fortune, however, to learn from his contacts with a few of the last remaining original colonists still living when he arrived in Castroville in 1896, that Castro's wife and a son, Lorenzo Castro, came with him and made their home in Castroville.

A unique house, constructed of a sheet metal resembling modern corrugated iron, was pointed out as the Castro home and the story went that Castro had the material fabricated in France, shipped to America and erected for his home in Castroville. It was said that he chose this tough, durable material as an extra precaution against possible Indian attack—which fortunately never occurred. Despite its exposed situation, with Indians all around it, Castroville never suffered a mass attack from the savages. This house is still standing on the property of Henry Haass, Jr. and despite the

ravages of over a hundred years of time that has passed and the fact that it has been moved from one location to another several times, is still fairly well preserved.

—FD—

RESTING PLACES OF THE DEPARTED

If there were any Castro children other than the son, Lorenzo, there is no record available to this columnist to establish the fact. It has been mentioned in this column that Henry Castro's remains lie buried at Monterrey, Mexico, and that the son, Lorenzo, is buried in one of San Antonio's ancient cemeteries. Neither sleeps at the place around which centered the main activities and achievements of their adventuresome lives—the town of Castroville. But not so with the spouses of the two men. Side by side in the Catholic cemetery of Castroville the two sleep beneath a durable slab that has been laid by the loving hands and is being watched and tended by the descendants of those whom Castro befriended when he helped them establish their homes in America.

—FD—

ABOUT LORENZO'S BOOK

In a previous column, it was mentioned that Lorenzo Castro had authored a book. This will probably, as it did to this columnist, come as a surprise to most readers, especially coming after a knowledge of the penury of his last days. But whatever the financial success or failure of the effort, he did write a book. It was printed in 1882 in New York by Thompson & Moreau, Printers, Nos. 51 and 53 Maiden Lane, and despite its age, the copy we have is in a fair state of preservation, save for the outside covers which are missing. This rare and cherished relic was loaned to us by its present owner, Miss Nora Karrer, and the story of how she came into possession of it, as related by Miss Karrer, is that the author presented the copy to his friend, Mr. Andreas Bendele, her maternal grandfather, an early settler among the Castro colonists. From him it passed to a brother of her mother, Mr. Philip Bendele, later of Belton, Texas, from whom she received it.

The title of the book is "The Republic of Mexico" and is an exhaustive and intimate study of that Republic with emphasis on its rich resources at that time and apparently written for the purpose of promoting their development and exploiting especially the development of mining and railroading in that Republic. We hope to give our readers some of the interesting facts contained in its pages in future columns.

But for the present—that, again, is another story.

RIO MEDINA — Little Douglas Charles Haby, son of M&M Olen Haby fell while playing and cut his left hand on a can, requiring seven stitches to close the wound. This happened Friday. A. C. Wurzbach II, Jerome Hanner, Clarence Bippert, Jr. spent the weekend in Corpus Christi.

Farmer Has Not Fared Well Under Eisenhower

Texas and U. S. farmers are just like business men — everyone is interested in making a return on invested capital. How did the farmer come out in 1955?

According to John C. White, Texas Agriculture Commissioner, not so well.

Agriculture demands a big investment in land, improvements, tools and machinery. Last year, the nation's farmers had an equity in farms of about 95 billion dollars. In addition, farm operators and their families did 11 billion hours of unpaid work on their land.

For this capital investment, and for all this labor, the farmers collected a total of 11 billion dollars in 1955.

This means that if we allow farmers and their families a return of \$1 per hour for their labor, then they had nothing left at all for a return on their invested capital last year.

However, let's say we allow farmers a 3 percent return on their \$95 billion investment. This would be giving them 2.85 billion dollars on their capital.

In such a case, subtracting the capital gain from total income, the farmer would have earned only 74 cents an hour for 11 billion hours of labor.

All this points out a curious situation. It appears that the best thing for farmers to do is to sell out and invest all their money in a good safe company that would give them a 3 percent return. Then, any side job, including ditch-digging, would at least pay them the minimum wage of \$1.00 or more an hour.

These figures are, of course, national totals. It is true that many of our farmers get returns to capital and labor that are higher than average. But also, many farmers obviously get returns that are far below the national average.

Agriculture Department Admission

An Associated Press story datelined from Washington, D. C. on March 6 stated that the total farmer income fell nearly \$1,000,000,000 last year according to the agriculture department. They further added that while this was happening, the income of the non-farm segment of the nation's economy was rising above 1954 levels — all this during one year of Eisenhower's presidency. One billion dollars!

And unless some immediate relief is found in the form of a new national farm program, the forward look for American farmers is not improved over the dim picture immediately past.

State Financiers Could Take Lessons From South Dakota

South Dakota is a debt free state. In addition, after paying about \$10 million in veterans' bonuses it recently was able to reduce taxes.

The Lennox, South Dakota, Independent says, "While the nation and virtually all other states have expanded their public debts, South Dakota has been reducing its obligations. An extra tax, such as the sales tax to pay the bonus, nearly always is retained. But not in South Dakota."

We are happy that Texas does not have a sales tax but perhaps our officials should "go to school" in South Dakota and learn how this splendid achievement was made possible.

SPEAKING OF SPORTS

By Dr. John H. Jennings

High School Baseball

We noted the other day where the Texas Coaching School held annually each summer may drop their baseball classes unless more demand is demonstrated by those in attendance. The school will be held in Lubbock this year where Jerry Muennink will play in the North-South All-Star Football game. Baseball has been a weak link in most high schools' athletic programs, and sadly so, for it is an excellent sport—one that some boys can play long after high school and college days are over. High School baseball cannot pay its way which has always been a big stumbling block. Schools have not been able to hire a coach strictly for baseball which has, in the effectiveness of the program. It is our opinion that the sport is a sound investment in many ways—the boy benefits, it rounds out the athletic program—and take Hondo for instance, it's baseball teams and Clint Hartung and Stan Hollmig have given Hondo more publicity than any dozens of projects. Let's hope the Texas Schools can come up with a progressive idea, and not take a step backward. Hondo's baseball program has been successful for these many years as good coaching has been provided (as lead by one of the very best in High School or otherwise—J. G. Barry) plus a very co-operative School Board who has always been willing to go along with the program.

To offset the general weakness of the Nation's high school baseball programs has been the formation of Little Leagues, Pony Leagues and American Legion ball in recent years. This cares for boys 8 through 17 years of age and the coaches of these teams are usually men who love the game for they have played it and are anxious to teach the youngsters some of the fine points of playing it.

Owls Edge Pearsall

The Hondo Owls took a very close ball game from Pearsall last Thursday as they came out on top 1 to 0. This is the second time the Owls have played and defeated Pearsall.

Richard "Ricardo" Schulte pitched the entire game for the Owls as he allowed only two hits to rack up his 2nd win of the year. Hondo was none too potent with the bat either as they collected only 3 hits—one each by Billy Neuman, Pete Angermiller and Wayne Balzen.

Against Castroville last week the Owls managed only four hits so it appears the boys need more work in the batting cage to sharpen their batting eye. However, the season is just beginning and the weather cool. The Owls should develop into a smoother unit as time passes.

Owls Top Castroville

The Owls got revenge on Castroville Tuesday as they came up with a 7 to 1 decision. Hondo now has a 3 won and one loss record for their practice games.

Big Richard Schulte was the winning pitcher—his third win—while Francis Lutz was charged with the loss. Big Richard allowed 10 hits, one walk and struck out 3, but was able to keep the hits well spaced for no damage. On the other hand, Lutz found the Owls hitting in the right places as he allowed only 8 hits, 3 walks, while striking out 8.

Hondo's 8 hits were divided like this: two each for Schulte and W. J. Schweers and one each for Pete Angermiller, Billy Neuman, Alvin Hartman and Wayne Balzen. Three runs were scored in the 5th due mostly to three very solid blows by Billy Neuman, Alvin Hartman and a 2 RBI blow by Schulte.

District 27-A

The Baseball District is set up a bit different than the other sports. San Antonio will be the longest trip which is a big advantage to all concerned. Hondo and Devine are the only two non-San Antonio teams in the district. These six teams comprise District 27-A: Devine, East Central, Edgewood, Hondo, Northeast and South San.

District play will begin Tuesday, April 10th. Hondo will open with Devine here. All games will be played on Tuesdays and Fridays. Most of Hondo's home games will be played at night since they have the facilities. That is with the exception of two teams, Devine and South San, who have "expressed" a desire to play only day ball. Our full comments on that subject had best be left unsaid, but it means a lot of expensive equipment will be left idle and will not be used for the reason purchased. Refusing to play at night "might be" comparable to a school without a gym and having to practice on an open air court then refusing to play anyone in a gym, requesting rather to play outside in lieu of playing in a well-equipped, expensive gym!

Junior High Baseball

Coach Bob Nations continues to work with the Jr. Owls but due to not having a proper field the workouts have been confined mostly to hitting practice—no in-field workouts. A field is being

made ready at the new school site. Here is the Jr. Hi. Roster, comprised of 18 boys: George Brucks, James Clower, Fred Graff, Billy Hardy, John Hartman, John Korbell, Dale Lindeburg, Mike Moore, Charles Neuman, Gregoria Pedroza, Clayton Saathoff, Cliff Sadler, Adolfo Schmidt, John Schuehle, Richard Schweers, Butch Smith, Chas. Stiegler and Charles Zuberbuehler.

Braves Continue Working

The Hondo Braves will play a practice baseball game at D'Hanis Sunday afternoon at three p.m. This workout will give a lot of the local fans their first look at baseball in the flesh this year.

Mgr. Parsons had his Braves out last Sunday for more work and got a look at what the Braves will be like come June. For Roy Meyer and Glenn Schweers, both of Sul Ross, were on hand. Both Roy and Glenn are on the Sul Ross squad, and so is Tommie Finger. Roy and Tommie may go to summer school and if so it will be a big loss for Parsons. Roy Meyer has been doing some fine mound work and this is a big need for the Braves. Harold Schweers and Merle Wiemers will be playing for Hondo this year and this will ease the pitching situation a great deal. Cliff Sadler was out giving some helpful advice to three young 1st basemen and at the same time announced he definitely would not be playing this year, unless a 9th man was needed. Said maybe he'd be back "next year". The Braves will play a practice game Sunday.

D'Hanis Over Castroville

The D'Hanis pirates and Castroville, both of Hwy. 90, paired off in a practice game Sunday and D'Hanis came out on top 8 to 1. Three Pirates of Dick Finger, Harlan Wolff and Louis Lutz shared the 1 run pitching as Mgr. Tom Finger unraveled his 1956 edition.

Odds & Ends

Bully Gilstrap of Univ. of Texas as coaching staff was a Hondo visitor again Tuesday. This makes his third or fourth trip to Hondo to see Angermiller, Muennink and Schulte. Pete visited the A & I campus in Kingsville a couple of weeks ago, at the request of A & I. Reports from the Mission Training Camp reveal our Stan Hollmig is getting off to a fine start. He should be the Mission's steady influence this year. The Hondo Golf Course is buzzing with enthusiastic activity these days... something like 73 golfers have signed up as members of the club... and scores of non-members are using the course too.

TWO JOIN HONDO LODGE TUESDAY

Victory Lodge No. 161 held its regular meeting on Tuesday night March 13, with Sister Ida Jagge presiding.

Forty-seven members were present to welcome Sisters Lorene Mussman and Maggie House into the fraternity. The initiation ceremony for the two new members took place at the Tuesday night meeting. There is also one new juvenile member.

During the business session, it was decided that the ladies of the lodge would sell cake and pie at the chicken barbecue being planned by the men's lodge.

The president announced that the starting time for lodge meetings April through September is eight p.m.

After the close of the business meeting, refreshments of delicious cake, ice cream and coffee were served. Hostesses for the event were Marion Wernette, Alice Wiemers, Verna Wells and Katie Barth.

Farmer Pays Tax Penalty For Working For Living

It's income tax season again, and some farmers may have received some net income above expenses in 1955.

If you're one of these, here's a suggestion for some self-education in tax policies which may help you to understand why some people are so willing to make big cash contributions to the election campaigns of some Congressmen and Senators.

You must report your income, and pay the tax on it, before April 15. As soon as you have filled out one set of blanks, start over again on the other set.

But this time, instead of figuring your tax as you did on income that you earned by working for it, figure it as if you had received it all in the form of dividends from corporations.

You will discover that the tax law enacted in 1954 gives about a 25 percent saving to people who don't work for a living.

For example, a farmer and wife with two dependent children and the standard deductions would have to pay a tax of \$415

on an income of \$4,999. (That's the top income for which the tax can be computed by the tax table.)

But another man and wife and two children who got their income from corporation dividends instead of by milking cows and mowing hay would have a tax bill of only \$317.

That's a penalty of \$99 which the farmer has to pay for living on the wrong side of the economic tracks and having to work for his income instead of getting it from investments in corporations.

A stockholder without children gets an even higher premium to reward him for not having to work for his living. A playboy bachelor stockholder who clipped \$4,999 last year on the General Motors stock his daddy left him would pay \$164 less in tax to Uncle Sam than a bachelor farmer who dug an equal \$4,999 out of the cotton field.

Guadalupe School Pupils Present Program Sunday

The Guadalupe School pupils, under the direction of Sister Michael, presented a two hour program on Sunday, March 12.

The opening and welcome speech was made by the Master of Ceremonies, Gregorio Pedroza Jr.

"Ave Maria" was sung by a group of girls followed by a welcome song. Six of the smallest girls danced "La Rapa" and a group of first graders made a "Flag Drill" followed by several other songs including "Rose of Texas" and "Davy Crockett."

Davy was presented by Willie Reyes who killed his first bear and several Indians on the stage. "Chiribirin" was the next song by a group of boys and girls.

Several piano solos and duets were played by Sister Michael's pupils and the final number was "El Jerebe" (known as the Mexican Hat Dance) by two of the eighth grade girls.

"Los Flamantes" a quartet of local boys sang several songs in between numbers.

The program was well attended leaving a profit of little over \$200.
